Getting to know your phone

Power Key

- Hold to select phone modes: Silent, Airplane, or to power off.
- Press to switch your phone to Sleep mode.
- Press to wake up your phone.

Home Key

- Press to return to the Home Screen from any application or screen.
- Hold to see recently used applications.

Menu Key

Press to get the options on the current screen.

Back Key

Press to go to the previous screen.

Volume Key

Press higher end of the key to turn the volume up and the lower end of the key to turn it down.

Before getting started

Removing the back cover

Installing the SIM card

Installing the memory card

Installing the battery

Charging the battery

When you first get your new phone you'll need to charge the battery like this...

1. Connect the adapter to the charger jack.
2. Connect the charger to a standard AC wall outlet.

3. Disconnect the charger when the battery is fully charged.

Powering on/off your phone

1. Make sure the SIM is in your device and the battery is charged.
2. Hold **Power Key** to switch on your phone.
3. To switch it off, hold **Power Key** to get the phone options. Select **Power off**, and then tap **OK**.

Switching to sleep mode

To save battery power, Sleep Mode suspends your device to a low-power-consumption state while the display is off. Your device also goes into Sleep Mode automatically when the display is automatically turned off after a certain period of time, which you can set in **Screen timeout** of the display settings. Press **Power Key** to switch to Sleep Mode.

Waking up your phone

If your phone is in Sleep Mode, you can wake it up by...

1. Pressing **Power Key** to activate your screen display.
2. Drag the  icon to the right.

Notes:

If you have set an 'unlock pattern', or a PIN/password for your phone, you'll need to draw the pattern or enter the PIN/password to unlock your screen.
